

It is only because of God's Love and direction that these quotes are eventually compiled in a book.

I have been writing these quotes in the last three years and sharing them @ lifepulp.com And I think it will be sweet to put them in a book that my readers can enjoy reading it or share it as a special gift to their friends, relatives or families.

Faith

*When we are experiencing
the unexpected things and get
astonished by what is
happening, it's God's purpose
that must reveal.*

Friendship

Good friends are like stars in the sky but friends who can't value a friendship are like cloudy weather.
