Author's Background

The Author Richie Jimmy Walia, DTM, BEc is a, Professional Financial Advisor, Distinguished Toastmaster, Author of 5 Books and Motivational speaker.

8 years ago, when the Author was still very young he was not the person he is today, he used to be considered as an Introverted Shy Person who rarely talks with people until around the age of 18 Years old, in his Nursery school

times up to high school times he was considered as mostly one of the most silent person in class, and use to be called Mr. TQO (The Quiet One), all of that change when he was introduce to an organization known as Toastmasters International which is a public speaking and leadership organization, and that is where the transformation began, after 2 months as a Toastmaster The Author changed his Mind set and

his belief to become the person he is today, in those two months after delivering four speeches as a toastmaster he saw progress and that was his stepping stone to be a more confident person. Because he realized that he needs to speak otherwise his ideas would not be heard and he would not have his own voice and after that, he started progressing in his life, The Author continued to pursue all that he can in Toastmasters and he did

something he never taught he would be able to do, at the age of 18 after completing 20 speeches and three educational titles as a Toastmasters International Member he was Awarded with the Triple Crown Award one of the most Prestigious award presented by District 87 in the year 2015! It is only for someone who could achieve three educational awards in a Single Term or One Year, and

after that he continued to pursue higher goals in Toastmasters. in the year 2017 he Achieved The Highest Communication Title in Toastmasters International Known as “Advanced Communicator Gold” after completing 40 Speeches in 2 Years and 9 Months, after this he was targeting to achieve the highest Recognition the Organization Bestows on its Members which is the DTM(DISTINGUISHED

**TOASTMASTER) after the
Completion of 40 Speeches and all
the Requirements in the
Leadership Track, this was a Big
Goal for the Author as he made a
Promise to his Club in the
beginning of his Journey in the
year 2014 that he will achieve his
DTM in the year 2018 at the age of
22. After Finally Completing one of
the Hardest Project in
Toastmasters International known
as the HPL(High Performance**

Leadership) and Completing his Final Role as a Club Sponsor, he Achieved his Long fought goal on the 27th of December 2018. After completing every requirement as Toastmasters International Member he was Regognize with the Title, The highest Recognition any Toastmaster member can achieve in the world known as the DTM (DITINGUISHED TOASTMASTER) and he did it as promised in the year 2018 at the

Age of 22. That led him to becoming one of the youngest DTM'S in the world to achieve this Prestigious Award! He was so Grateful that he could keep his Promise to his Club and also to Himself, as statistics show that only 1% of Toastmasters International Members actually complete their DTM as it is the highest title any Toastmaster Member can achieve therefore, the requirements are very challenging. The Author is

honored and Grateful to be a part of the 1% and he hopes in the future the number will further increase when people start learning about the impact Toastmasters can bring to their life once they complete the Program and Earn their DTM as a Professional in any field of work they are pursuing it will surely help them in anything they pursue. The DTM Award has also lead the Author to become a Double Triple Crown Achiever as

the same Award he achieved in the year 2015 he has now Achieved it again in the year 2019 after the completion every requirement in the leadership track as a Toastmasters International Member. On October 1st, 2019, the Author officially retired as a Toastmaster, after 5 years and 7 months as a Toastmasters International Member started on 1st March 2014 (The Author's Birthday) until 30th September

2019. As he had already reached his peak in toastmasters, and he has other more important things to focus on.
